Temporary and Direct Placement Services

The Richmar Difference

Richmar Associates, Inc. can manage all your staffing needs from temporary to direct placements. We currently manage on-site and off-site projects with both Fortune 500 and smaller clients.

- You start with a one-on-one meeting with one of our skilled account representatives. We work corroboratively with you to determine what your staffing needs are, so that we can meet them in the most timely and cost-effective manner.

- When it comes to meeting your staffing needs, we have no shortage of applicants to choose from. Our customized, automated retrieval system allows us to sift through our database of thousands of qualified candidates.

Richmar Associates has experience with projects of all sizes: from developing project-specific staffing solutions to managing on-site contingent workforces.

Our goal is to get it right the first time.
